PS Series Pipe Straps

Description

PS series pipe straps are used to secure mounting brackets and junction boxes to process pipes. Pipe straps can also be used in lieu of banding when securing MI cable to pipe. The PS series pipe straps are constructed of 201/301 stainless steel and have a 5/16" hex head to make installation a breeze. Our pipe straps come in three different sizes to accommodate a range of pipe sizes up to 14" O.D. pipes.

Contents

- 1 - Pipe Strap

Applications

- Constant Wattage Heater Cables
- Self Limiting Heater Cables
- Mineral Insulated Heater Cables

Ordering Information

PS-1	3/8" - 1/2" O.D. Pipes
PS-3	1" - 3" O.D. Pipes
PS-15	2" - 14" O.D. Pipes

Note: Before ordering pipe straps inspect the mounting bracket/junction box configuration to determine number of straps needed.
